## Context

The Lion Works School is an Independent special school. We are part of an ethical and progressive organisation that believes it can achieve real change for children, young people and their families.

The Lion Works School is situated within the BCP local authority. We offer an academic and vocational specialist learning provision across KS3, KS4 and Post 16 aiming to reduce barriers to enable successful learning experiences and outcomes. There are a variety of routes a student can take, which include GCSEs, BTECs and other accredited qualifications whilst building confidence, improving wellbeing, enabling self-regulation and increasing attendance. Our school is full of life and has a wealth of resources to spark interest and ignite that passion to achieve, equipping our students for everyday life and the opportunities that await them.

We adhere to the values of ARC:

Ambition

Resilience

Community

The Lion Works School operates within the SPELL framework. SPELL is The National Autistic Society's framework for understanding and responding to the needs of children and adults on the autism spectrum. It focuses on five principles that have been identified as vital elements of best practice in autism and emphasises ways to change the environment and our approaches to meet the specific needs of each person.

SPELL stands for Structure, Positive approaches and expectations, Empathy, Low arousal, Links:

Structure	Structure makes the world a more predictable, accessible and safer place. We can support people on the autism spectrum in creating structured environments using visual information.
Positive (approaches and expectations)	We must seek to establish and reinforce self-confidence and self-esteem by building on natural strengths, interest and abilities.
Empathy	We must try to see the world from the standpoint of the autistic child or adult, knowing what it is that motivates or interests them but importantly what may also frighten, preoccupy or otherwise distress them.
Low arousal	Approaches and the environment need to be calm and ordered in such a way so as to reduce anxiety and aid concentration.
Links	Autistic people, their parents or advocates should be seen as partners. Open links and communication will reduce the risk of misunderstanding, confusion or the adoption of fragmented, piecemeal approaches.

## Aims

The school aims to:

- Run an ECT induction programme that meets all of the statutory requirements underpinned by the early career framework (ECF) [ECT framework](#)
- Provide ECTs with a supportive environment that develops them and equips them with the tools to be effective and successful teachers and meet the [Teachers' Standards](#)
- Ensure all staff understand their role in the ECT induction programme

## Legislation and statutory guidance

This policy is based on:

- The Department for Education's (DfE's) statutory guidance [Induction for early career teachers \(England\)](#) from 1 September 2021
- The [Early career framework reforms](#)
- [The Education \(Induction Arrangements for School Teachers\) \(England\) Regulations 2012](#)
- [Early career teacher induction: COVID-19 absence exemption](#)

The 'relevant standards' referred to below are the [Teachers' Standards](#).

## The ECT induction programme

The induction programme will be underpinned by the ECF, enabling ECTs to understand and apply the knowledge and skills set out in the ECF.

Prior to the ECT serving their induction, the headteacher and appropriate body must agree that the post is suitable.

For a full-time ECT, the induction period will typically last for 2 academic years. Part-time ECTs will serve a full-time equivalent. The ECT programme is quality assured by South Central Teaching Hub (SCTH) our 'appropriate body'.

## Posts for induction

Each ECT will:

- Be provided with the necessary employment tasks, experience and support to enable them to demonstrate satisfactory performance against the relevant standards throughout, and by the end of, the induction period
- Have an appointed induction tutor, who will have qualified teacher status (QTS)
- Have an appointed induction mentor, who will have QTS
- Have a reduced timetable to allow them to undertake activities in their induction programme; in their first year, this will be no more than 90% of the timetable of our existing teachers on the main pay range, and in their second year, this will be no more than 95% of the timetable of our existing teachers on the main pay range
- Regularly teach the same class or classes
- Take part in similar planning, teaching and assessment processes to other teachers working in similar posts
- Not be given additional non-teaching responsibilities without appropriate preparation and support
- Not have unreasonable demands made upon them
- Not normally teach outside the age range and/or subjects they have been employed to teach
- Not be presented with unreasonably demanding student behaviour concerns on a day-to-day basis

## **Support for ECTs**

We support ECTs with:

- A designated induction tutor, who will provide day-to-day monitoring and support, and co-ordinate their assessments
- A designated induction mentor, who will provide regular structured mentoring sessions and targeted feedback
- Observations of their teaching at regular intervals, and follow-up discussions with prompt and constructive feedback
- Regular professional reviews of their progress, to take place termly (except in terms where formal assessment is held), at which their induction tutor will review objectives and revise them in relation to the relevant standards and their current needs and strengths
- Opportunities to observe experienced teachers, either within the school or at another school with effective practice

## **Assessments of ECT performance**

Formal assessment meetings will take place in the final term of the ECT's first year (term 3) and the final term of their second year (term 6), and will be carried out by the induction tutor.

These meetings will be informed by clear and transparent evidence gathered from progress reviews during the preceding assessment period, and drawn from the ECT's work as a teacher and from their induction programme. Copies of the evidence relied on will be provided to the ECT and the appropriate body.

After each formal assessment meeting, a formal assessment report will be completed that clearly shows how the ECT is performing against the relevant standards. The headteacher will also recommend to the appropriate body in the final assessment report at the end of the programme as to whether the ECT's performance is satisfactory against the relevant standards.

The ECT will add their own comments, and the formal assessment report will be signed by the headteacher, induction tutor and the ECT.

A copy of the formal assessment report will then be sent to the appropriate body. The final assessment report will be sent within 10 working days of the meeting, for the appropriate body to make the final decision on whether the ECT has passed their induction period.

In the event that the ECT leaves this post after completing one term or more but before the next formal assessment would take place, the induction tutor or headteacher should complete an interim assessment to ensure that the ECT's progress and performance since the last assessment is captured.

### **At-risk procedures**

If it becomes clear during a termly progress review or at the first formal assessment point that the ECT is not making sufficient progress, additional monitoring and support measures will be put in place immediately, meaning:

- Areas in which improvement is needed are identified
- Appropriate objectives are set to guide the ECT towards satisfactory performance against the relevant standards
- An effective support programme is put in place to help the ECT improve their performance

The progress review record or formal assessment report will be shared with the appropriate body, alongside the support plan, for it to review.

If there are concerns about the ECT's progress during their subsequent progress reviews or formal assessment, as long as it is not the final formal assessment, the induction tutor or headteacher will discuss this with the ECT, updating objectives as necessary and revising the support plan for the next assessment period.

## **Roles and responsibilities**

### **Role of the ECT**

The ECT will:

- Provide evidence that they have QTS and are eligible to start induction
- Meet with their induction tutor at the start of the programme to discuss and agree priorities, and keep these under review
- Agree with their induction tutor how best to use their reduced timetable allowance and guarantee engagement with their ECF-based induction
- Provide evidence of their progress against the relevant standards
- Participate fully in the monitoring and development programme
- Participate in scheduled classroom observations, progress reviews and formal assessment meetings
- Agree with their induction tutor the start and end dates of the induction period, and the dates of any absences from work during the period (noting that until 1 September 2022, absences due to coronavirus – in the form of school closure, sickness or self-isolation – will not count towards the 30-day absence limit that would extend their ECT induction)
- Keep copies of all assessment reports

**When the ECT has any concerns, they will:**

- Raise these with their induction tutor as soon as they can
- Consult with their contact at the appropriate body at an early stage if there are difficulties in resolving issues with their induction tutor or within the school

### **Role of the headteacher**

The headteacher will:

- Check that the ECT has been awarded QTS and whether they need to serve an induction period
- Agree, in advance of the ECT starting, who will act as the appropriate body
- Notify the appropriate body when an ECT is taking up a post and undertaking induction
- Make sure the ECT's post is suitable according to statutory guidance (see section 4.1 above)
- Make sure the induction tutor is appropriately trained and has sufficient time to carry out their role effectively
- Make sure the induction mentor is appropriately trained and has sufficient time to carry out their role effectively
- Make sure an appropriate ECF-based induction programme is in place
- Make sure the ECT's progress is reviewed regularly, including through observations and feedback of their teaching

- Make sure that formal assessments are carried out and reports completed and sent to the appropriate body
- Ensure a half termly survey is completed by ECT's to monitor the perceived effectiveness of the support they are receiving

Maintain and keep accurate records of employment that will count towards the induction period (noting that up until 1 September 2022, any absences due to coronavirus – in the form of school closure, sickness or self-isolation – will not count towards the 30-day absence limit that would extend the NQT's induction)

- Make sure that all monitoring and record keeping is done in the least burdensome and most streamlined way
- Make the school governance board aware of the support arrangements in place for the ECT
- Make a recommendation to the appropriate body on whether the ECT's performance against the relevant standards is satisfactory
- Participate in the appropriate body's quality assurance procedures of the induction programmes
- Keep all relevant documentation, evidence and forms on file for 6 years

### **Role of the induction tutor**

The induction tutor will:

- Provide guidance and effective support to the ECT (with the appropriate body where necessary)
- Carry out regular progress reviews throughout the induction period
- Undertake 2 formal assessment meetings during the induction period, coordinating input from other colleagues as appropriate
- Carry out progress reviews in terms where a formal assessment doesn't occur
- Inform the ECT following progress reviews of their progress against the relevant standards, and share records with the ECT, headteacher and relevant body
- Inform the ECT during the formal assessment meeting of the judgements to be recorded on their formal assessment record and invite the ECT to add their own comments
- Make sure that the ECT's teaching is observed and feedback is provided
- Make sure the ECT is aware of how they can raise concerns about their induction programme or their personal progress, both within and outside of the school
- Take prompt, appropriate action if the ECT appears to be having difficulties
- Make sure that all monitoring and record keeping is done in the least burdensome way, and that ECTs are not asked for any evidence that requires the creation of new work

### **Role of the induction mentor**

The induction mentor will:

- Regularly meet with the ECT for structured mentor sessions to provide targeted feedback
- Work with the ECT, and colleagues within the school who are involved in the ECT's induction, to help make sure the ECT receives a high-quality ECF-based programme
- Provide, or arrange, effective support – including subject-specific, phase-specific, coaching and/or mentoring
- Act promptly and appropriately if the ECT appears to be having difficulties

### **Role of the School governance board**

The school governance board will:

- Make sure the school leaders are resourced to meet the statutory guidance on ECT induction
- Be satisfied that the school has the capacity to support the ECT
- Make sure the headteacher is fulfilling their responsibility to meet the requirements of a suitable induction post
- Investigate concerns raised by the ECT as part of the school's grievance procedures
- If it has any concerns or questions, seek guidance from the appropriate body on the quality of the induction arrangements and the roles and responsibilities of staff involved in the process
- If it wishes, request general reports on the progress of the ECT on a termly basis or at any time a report is requested

### **Monitoring arrangements**

This policy will be reviewed **annually** by the headteacher who may delegate this responsibility if deemed appropriate. At every review, it will be approved by the CEO with guidance from the school board.
